SUBJECT INDEX

Accreditation, unit 275–289
Achievement determinants, Greece 405–418
Adults
  accrediting open learning 286
  evaluation in the workplace 341
Aesthetic development 311, 314
Agricultural programmes in Nigeria 129
Alternative paradigm 215
Arithmetic, measurement-and-feedback-driven instruction 52, 58
Arts, assessment in English primary school 309–322
Arts in Schools Project 319
Assessment
  humanities and arts in primary school 309–322
  science at primary level 323–340
  special education 292
Assessment of Performance Unit
  humanities and arts 310
  science at the primary level 331
Astronomy, students' conceptual frameworks 151–166
Attainment targets 192, 194
  historical perspectives 199
Audio–visual aids, science teaching 106
Autocratic evaluation 221, 222

Behavioural objectives, SLD pupils 298
Biology classes, teacher behaviour 99–115
Bureaucratic evaluation 220, 224
Business English course, needs of stakeholders 137

Child–adult interaction, natural history centre 355–369
Communication styles, cross-cultural evaluations 6
Comptown 420, 421
  Data Base 439
  ecological evaluation 427
  ecological formulation 424
  goals and operational principles 423
Computer culture in schools 423
Computers in education 263–273
Concepts in humanities 313
Concepts in science, primary level 326
Conductive education 303
Context of investigation, cross-cultural evaluations 3–21
Contingency theory 385
Core subjects 192
Council for the Accreditation of Teacher Education 241
Cram school 407, 413
Criterion-referenced tests, measurement-driven-instruction 53
Cross-cultural evaluations 3–21
  design 12
  setting 5
  topic 10
Cultural–ecological change processes 427
Curricular materials, teacher 29
Curriculum assessment, unit accreditation 276
Curriculum planning by objectives 207
Curriculum planning, teachers 23–39
Curriculum, special needs 295, 301
Curriculum team, utilization of diagnostic tests 144

Data Base study 439
Democratic evaluation 220, 227, 228
Developing countries, effects of system wide testing 41–49
Diagnostic tests, needs of stakeholders 139
Direct teaching 382
Discriminatory skills 312

Ecological evaluation, Comptown 427
Effectiveness
  multi-dimensional model 67–98
  process indicators 373, 375, 378
Efficiency, resources 84
English language, business community in Israel 137
Equality in education, school effectiveness 375
Evaluation, changing contexts 215

Formative evaluation 223
Foundation subjects 192
Further education, special needs pupils 302

GCSE, unit accreditation 283, 285
Goal model, organisational effectiveness 67
Graduate Teacher Training Registry 241
Greece, determinants of educational achievement 405–418
Group moderation, assessment in science 331

Higher education institute, effectiveness, multi-dimensional model 67–98
Humanities, assessment in English primary school 309–322

Incentives, school effectiveness 386
Indicators, school functioning 371–403
Individualised assessment of special needs 292
Information technology 419–448
  Comptown 421
In-service training, TRIST 256
Instructional effectiveness 382
Instructional Enrichment 303
Instructional illumination 53
Internal Process Model, organisational effectiveness 68
Interpersonal interactions 5
Intervention, severe learning disabilities 297
Israel
  business English course 138
  effectiveness of an institute of higher education 67–98
  measurement-and-feedback-driven instruction 51–65
Item difficulty 177, 178
Item-free person measurement, Rasch model 179

Kingman report 207
Knowsley TRIST programme 257

Laboratories, teacher behaviour 99
Learning difficulties, assessment 292
Local Education Authorities, special education 299
Lower Attaining Pupils Programme 302

Mapping sentence 67, 70
  organisational effectiveness 71
Measurement, Rasch model 167
Measurement-and-feedback-driven instruction 51–65
  arithmetic 58
  evaluation 55
  reading comprehension 55
Microcomputers in education 263–273
Minimal competency testing 51
Motivation
  students 383
  teachers 25
Multi-dimensional model, organisational effectiveness 67
Multi-purpose diagnostic tests 139
Museums, child–adult interaction 355

National curriculum, UK 191, 275
  attainment targets, historical perspectives 199
  humanities and arts in primary school 309
  science in primary school 325
  special needs 304
  unit accreditation 284
Natural History Centre, child–adult interaction 198, 355–369
Naturalistic inquiry 219, 222
Nigeria
  school self-evaluation 117–127
  youth employment scheme 129–135
Northern Examining Association 280
Northern Partnership for Records of Achievement 279, 281

Objectivity in measurement, Rasch model 167–188
Open learning, unit accreditation 286
Organisational effectiveness 67

Parents as Educators 287
Partial Order Scalogram Analysis, effectiveness patterns 88
Payment by results 200
Performance skills 312
Personality, applicants to teacher training 239
Physics, use of computer network in undergraduate course 265
Politics, cross-cultural evaluation 9
Post Graduate Certificate of Education program 240
PPBES 132
Primary school
  assessment in humanities and arts 309–322
  assessment in science 323
Process indicators of school functioning 371–403
  applications 395
  contingency theory 385
  effectiveness 373, 375, 378
  multiple measurement applications 393
Professional evaluation 231
Programme evaluation, methodology 215
Project Feedback 52

Rasch model, objectivity in measurement 167–188
Reading comprehension, measurement-and-feedback-driven instruction 52, 55
Record of Achievement 281
Remedial education 300
Resources and efficiency 84
RISTOLAND farms, youth employment 129

Sample-free item calibration, Rasch model 178
School-base decision-making 259
School effectiveness
  conceptual model 384
  contingency theory 385
  process indicators 373, 375, 378
  self-evaluation 397
School-to-land 133

School self-evaluation
Nigeria 117–127
process indicators 397
Science
assessment at primary level 323–340
learning in museums 356
teacher behaviour in class 99
Science Processes and Concepts Exploration 337
Science Teaching Action Research 332
Selective school, Greece, achievement 413
Self-assessment, arts 315, 317
Self-evaluation
schools in Nigeria 117–127
schools, process indicators 397
Severe learning disabilities, assessment and intervention 297
Skillcentre, evaluation in the workplace 341
Skills
evaluation in the workplace 344
humanities and arts 311
science 326
Smallest Space Analysis map 75, 82
Social interaction 6
Socioeconomic status, Greece, educational achievement 410, 415
Special education 196, 291–308
assessment 292
curriculum 295, 301
further education 302
LEA responses to 1981 Act 299
severe learning disabilities, assessment and intervention 297
whole school approaches 301
Stakeholder needs 137–149
Standard Assessment Tasks 192
State-led adjustment 227, 228
Structured teaching 383
Student Profile Cards 141
Summative evaluation 223
Support Services 300
System Resource Model, organisational effectiveness 68
System wide testing 41–49

Task Group on Assessment and Testing 207
Teacher accountability 203
Teacher behaviour, high school biology classes 99–115
Teacher training 195
applicants to 239
Teachers Assessment 192
Teachers in curriculum planning and evaluation 23–39
Teachers, utilization of diagnostic tests 143
Time on task 382
TRIST 195, 255
TVEI 280
related in-service training 255

Unit accreditation 196, 275–289
development 280, 285
GCSE 283, 285
open learning with adults 286
problems and possibilities 282
Universities, multi-dimensional model of organisational effectiveness 67–98
University Department of Education 239, 242
University entrance, Greece 407, 413
Utilization of diagnostic tests 141

Verbal behaviour, science teachers 107

Whole school approach, special needs 301
Workplace, evaluation in 197, 341–353

Youth employment scheme, Nigeria 129–135
